3. Conduct of games and sports for college students.
4. Organizing demonstration for preparation of hand sanitizer, Cleaning agents, etc
5. Encouraging staff members to take up Research activities
6. Any other point with the permission of the Chair

Discussion

Organization of a webinar on Research Methodology - It was suggested that a State wise Seminar be organized for all the students of colleges on important topics related to research methodology. The sessions to be conducted should be such that they help the students in doing their monograph work. Resource person should be an experienced professor either from the college or outside. The duration of the webinar should be a minimum of 3 days.

Conduct of games and sports for college students - On account of the lockdown in the city, the students could not do much physical activity so it was suggested that a week-long program be organized for the students where they play a lot of games and sports. The physical director should be asked to organize outdoor games so that there will be a lot of physical activity for the college students. Indoor games like chess and carom board can also be organized. It is important to expose the students to physical activity after the lock down.

Organizing demonstration for preparation of hand sanitizer, cleaning agents, etc. It was suggested that the would-be teachers be well equipped with preparation of cleaning liquids, detergents and hand sanitizers, especially now because of the pandemic. It was recommended that some experts be invited to the college and demonstrations be arranged for the college

students so that they learn how to prepare hand sanitizer, cleaning detergent, at a low cost and in bulk quantity. This would be helpful to them when they join as teachers in different schools.

Encouraging staff members to take up Research activities it was suggested that the college lecturers publish research articles in reputed educational journals in this academic year. The secretary said that teachers who publish articles in reputed journals and who present papers in National or International conferences, seminars, etc. will be given a cash award by the Society. All lecturers should be encouraged to publish research papers as soon as possible.

Any other point with the permission of the Chair- The principal reported that not many students are coming to college to attend class
